

October 31, 2016

Dear HUSKY Health Dental Provider,

As a provider partner with the Connecticut Dental Health Partnership (CTDHP) – the dental plan for HUSKY Health - we appreciate your continued participation and support of the partnership. Because of our work together, Connecticut's Medicaid dental program is seen as one of, if not the, best in the country.

Recently you received a mailing from the Connecticut Dental Health Partnership and the Connecticut State Dental Association with complementary materials to assist you in meeting the requirements of Section 1557 of the Patient Protection and Affordable Care Act. We hope you have found that helpful.

Enclosed is an additional piece, an anti-discrimination notice in all fifteen of the primary languages spoken in Connecticut. All of these materials are available for download on our website: www.ctdhp.com, along with other useful information.

More information on the Section 1557 program is available on the U.S. Department of Health and Human Services website at <http://www.hhs.gov/civil-rights/for-individuals/section-1557/>.

To speak to a CTDHP provider services representative, call **1-888-445-6665** or **1-855-CT-DENTAL (1-855-283-3682)**. Office hours are Monday through Friday, from 8:00 a.m. to 5:00 p.m.

For claim payment related issues, call the HP Enterprises Provider Helpline at **1-800-842-8440**.

Again, thank you for your support.

Sincerely,

Connecticut Dental Health Partnership

The Connecticut Dental Health Partnership
